

### Welcome to the DTCC Learning Center!

The DTCC Learning Center is your one-stop source for information to help optimize your use of DTCC products and services. We invite you to take advantage of the various learning resources available at your fingertips.

Through our interactive site, you can access:

- Onboarding tutorials and requirements
- Video tutorials and simulations
- Interactive guides
- Scenario-based **How to** interactive guides
- Other documentation, such as FAQs and guides, that step through connectivity and access coordination processes
- **Live** webinar events available through the calendar, where you can ask questions and obtain answers from our learning experts

The subscription-based Learning Center is designed to maximize your experience by using the preferences in your profile to customize the site. Apart from live webinars, all content is self-directed and accessible 24/7 through your web browser.

### Feedback

We invite you to share your insight, observations, and suggestions so that we can continue to maximize the value of the learning resources available to you. Feel free to reach out to us with any feedback, questions, or requests at <https://dtcclearning.com/contact-us.html>

### Accessing the Learning Center

Go to <https://www.dtcclearning.com> and register to gain access. After you register, following the process outlined below, your request is processed within 24 hours. For registration support issues after this period, contact RSG at [webrsg@dtcc.com](mailto:webrsg@dtcc.com).

1

**Click** LOGIN OR REGISTER **at the top right-hand corner of the Welcome page.**

2

**Click** Create account **Create account.**

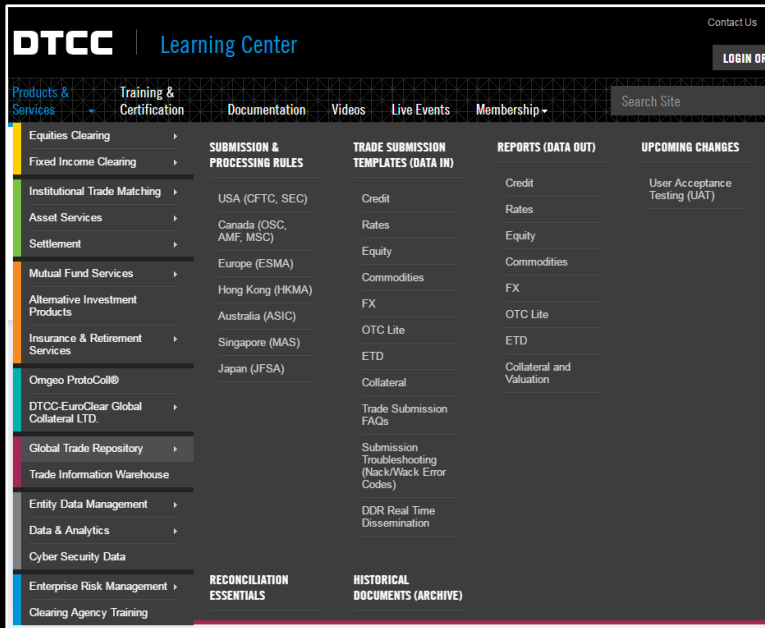

3

**Complete the Web form, including your product subscriptions, and click** Register **Register.**

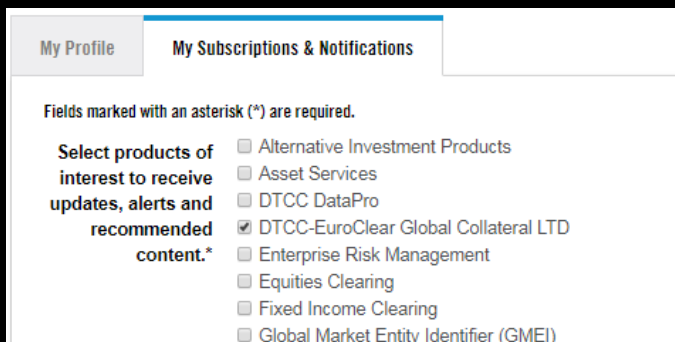

Your request takes 24 hours to process.

### Accessing Content

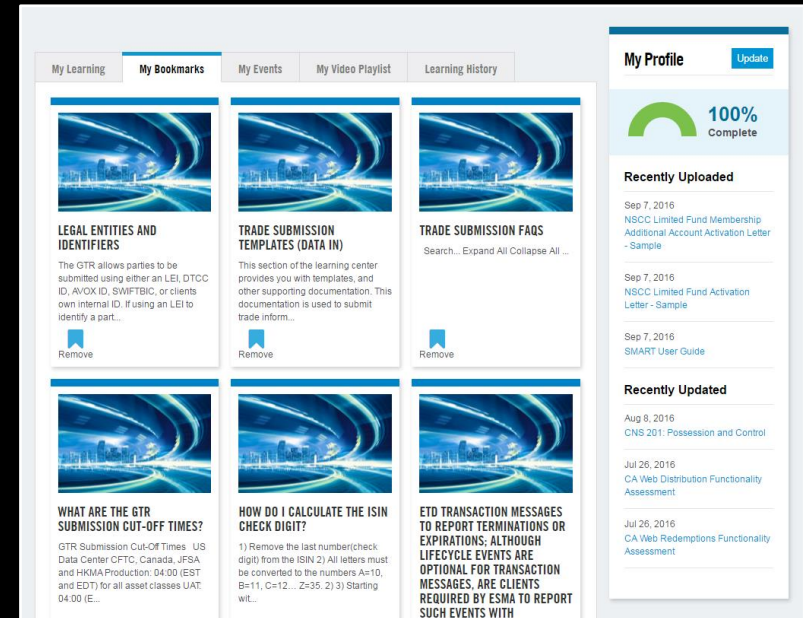

Navigate the **Products & Services** menu to access all available learning assets, organized by product category.

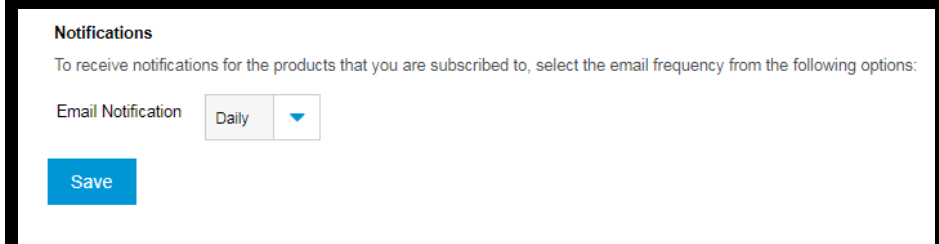

Set up your **Profile** to customize the experience.

Personalize your **Dashboard** to manage your Learning Center content, including bookmarked pages, events, video playlists, and saved courses.

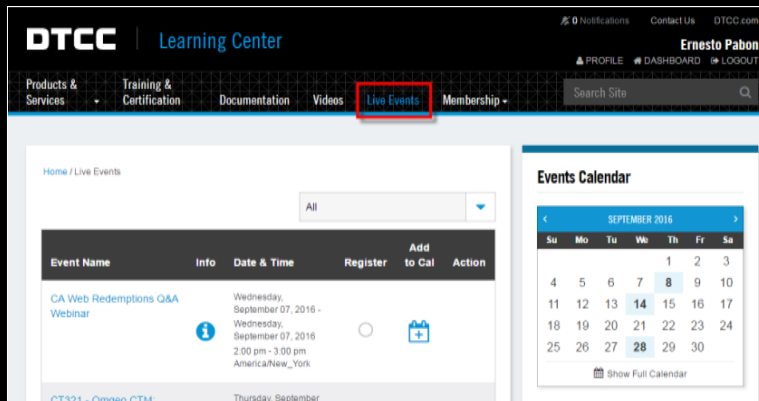

Set up your **Profile** to receive daily or weekly automated email notifications for content updates.

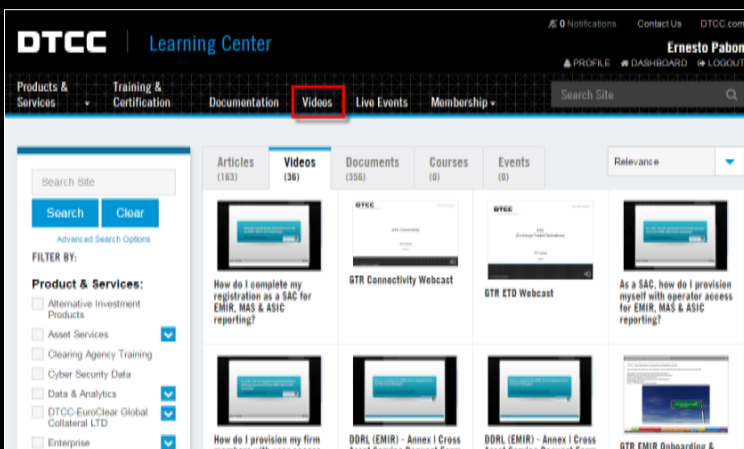

### Tour the Learning Center

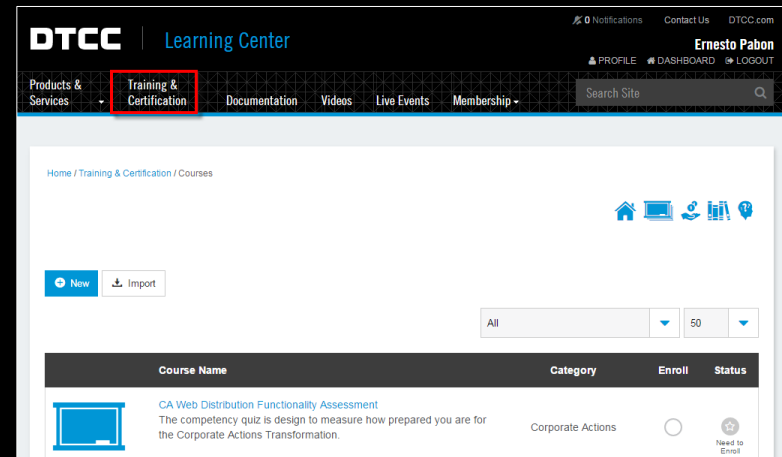

Visit the **Live Events** section to register for live, instructor-led webinars.

Visit **Videos** to search for and view instructional videos.

Visit the **Training & Certification** section to view a list of available self-paced learning and certification courses.

Visit **Membership** to access instructions about the onboarding process available for your product.
